**Bowdoin Completes the MGA Links at Mamantapett Clubhouse**

Norton, Massachusetts - Bowdoin recently completed the new MGA Links at Mamantapett Clubhouse in Norton, Massachusetts for the Massachusetts Golf Association. The project, designed by KFP Architects, Inc., involved the demolition of the old facility and the construction of a new two-story clubhouse with HardiPlank siding and an asphalt shingle roof. The new facility includes a large multi-purpose dining/function room, pantry and food service area, reception area, restrooms and a pro shop on the main floor; offices on the second floor, and maintenance storage in the basement. The project also features a large wrap-around deck with outdoor seating off of the main dining area that overlooks the golf course.

Bowdoin Construction is one of the New England region's leading construction management and general contracting firms focused on providing a solutions based approach to each of our client's specific building needs.
